

CHRIS NORBY
COUNTY SUPERVISOR, 4TH DISTRICT

My first term as your Supervisor has seen Orange County government become more accountable with improved services to the Fourth District cities of Anaheim, Buena Park, Fullerton, La Habra and Placentia.

I've worked with my Board colleagues to refinance debt left from the 1994 county bankruptcy, saving taxpayers \$471 million in future interest payments. I was a leader in the defeat of Measure D, which would have diverted county-wide law enforcement funds to a special district serving largely South County cities. I supported modernizing Orange County's voting system and oppose costly and divisive multilingual ballot requirements.

I led the fight to end the costly Project Labor Agreement, which cost taxpayers millions by excluding non-unionized firms and workers from county contracts. I've supported protections for homeowners and business owners against eminent domain abuse. Eminent domain must never be used for private enrichment. I've voted against new taxes, including the new departure tax at Orange County Airport.

North Orange Countians are seeing real return on their tax dollars. Over \$282 million in transportation funds have gone to upgrade streets in Anaheim, Buena Park, Fullerton, La Habra and Placentia. I've supported extending the 57 Freeway south to the 405 Freeway, synchronizing traffic signals, and other congestion relief measures.

I led efforts to redirect \$532 million away from a proposed Santa Ana trolley and into improvements for Metrolink service to North Orange County. I've supported new commuter rail stations at Buena Park and Placentia, and upgrades to existing Fullerton and Anaheim depots.

I've worked hard for equal park funding for Fourth District residents. La Habra received \$4.9 million to restore Vista Grande Park. The new Tiger Woods Learning Center in Anaheim has just opened on land provided by the Orange County Flood Control District.

We've come a long way, but there remains so much more to be done. As your supervisor, I will continue the transportation improvements that are vital to our mobility and prosperity. I will continue to work closely with the District Attorney and Sheriff to further reduce crime and control gangs in our county. I will work to improve county-wide disaster preparedness for both natural and terrorist threats.

I've worked hard to be accountable to you. Call me anytime at 714-871-9756. I ask for your support as we face the exciting challenges ahead. I'd be honored with your vote on June 6th.
